

Aluminum Safe

Solid Mechanical Detergent

Product Number 4583

Description

This product utilizes the latest ingredients that are less hazardous to environment without sacrificing performance. This solid contains no phosphates (STPP), chlorine or nitrilotriacetate (NTA). Aluminum Safe rinses quickly and is suited for use with newer, short-cycle dish machines. Provides excellent scale inhibiting properties. Can be used in both low temperature and high temperature dish washing applications. Safe for use on all surfaces!

Directions

Remove cap from the container and invert canister so that open surface is pointing downward into the bowl dispenser. Do not get product on hands or into eyes. Turn machine on so that water will feed the dispenser unit and dissolve product into the dish washing machine. For consistent feeding of product, it is suggested that cold or warm water be used to dissolve product and suggested water feed temperature not to exceed 140°F.

Dish machine wash tank water will yield maximum results when the wash temperature is maintained at 145-155°F. If the water temperatures are too low, fat soils are not softened therefore cleaning efficiency will decrease. If water is too hot, soils may become flash dried to the kitchenware, thus making it more difficult to remove.

Technical Data

Form	Solid	Biodegradable.....	Yes
Color.....	White	Rinsability	Excellent
Scent.....	Bland	pH (1% solution)	<11.5

Product Category: Warewash/Mechanical Washing

DOT Shipping Information: Compound, Cleaning, Dry

DANGER

HAZARDS: Causes severe skin burns and eye damage. **PRECAUTIONS:** Do not breathe mist vapors or spray. Wash hands thoroughly after handling. Wear protective gloves and eye protection.

RESPONSE/FIRST AID: Have product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. Seek medical attention if you feel unwell. **IF ON SKIN (or hair):** Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, seek medical advice.

STORAGE & DISPOSAL: Store locked up. Dispose of contents/container to trash after rinsing container.
